

19 JUNE 2026

Scout

Problem

- Turn noisy trend signal into evidence-based decisions
- Adapt it to the retailer context

Q&A entrypoint

Discover the retailer context:

- target market
- comparison markets
- niche
- competitor URLs
- persona (large retailer, boutique, individual)
- weights

Data collection

- Google trends
- Reddit
- Pinterest
- Competitor's websites

Filter

- Deduplication
- Relevance filter

Weights

- Trend
- Transferability
- Opportunity
- Red flag

(can be customised)
